

APREJO CURVE

SEDUCES WITH SOFT CURVES.

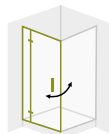

Completes the Premium series Aprejo with its gently curved design. APREJO CURVE is the combination of a CURVE side panel with an APREJO swing door - without disturbing corner profiles. APREJO CURVE impresses with high-quality 8 mm tempered safety glass, Vario wall connection and high-quality design fittings made of metal die-casting.

- Standard at the highest level
- 25 year warranty
- spare part post-purchase warranty up to 30 years
- easy installation
- on request measurements and installations can be carried out by the PALME customer service
- Tested according to DIN EN 14428 CE.
